

VERSATILE MARINE

(An ISO 9001:2008 Registered Company)

We blend resourceful technologies to perfection

ABOUT US

Company established in the Middle East by a team of immense experienced professionals and administrators from the field of various engineering and project services in the region. Our static studies about the region's geography and developments made us to provide the right services and facilities in excellence.

We provide our services in Electrical, Automation, Mechanical, Hydraulic and Pneumatic Systems and its equipments repairing, trading and installation of spares for various applications in Marine, Oil & Gas and Industrial sector. Our skilled Technicians and Engineers are capable of trouble shooting, installation and commissioning of all above related services.

Main office located at Northern Emirates (Ajman) and operating through the country and abroad. Organized and operated by professionals provides the facilities and infrastructure to the technical team to be the best in services with quality and in time.

OUR WORK

Supply, Installation, Commissioning and Repairing Services of:

- Automation
- Electrical
- Power Generation and Distribution
- Hydraulics and Controls
- Fire and Safety
- Calibration
- Annual Survey
- Ships Repairing and Fabrication

AUTOMATION AND CONTROLS

- Engine Control and Monitoring System
- Boiler Automation and Control System
- Cargo Control and Monitoring System
- Level Alarm Monitors and Safety System
- Navigation Lighting System
- Steering Control /Auto Pilot /Rudder Angle Indicators
- Safety Alarm and Monitoring System for M/E, A/E and Equipments
- Alarm Monitoring and Safety Shutdown System
- Bilge Alarm System
- Oily Water Separator and PPM Monitors
- Pitch & Thruster Control and Feedback System
- Sewage Treatment Plants
- FI – FI Control and Monitoring System

ELECTRICAL

- Electrical Power Generation Equipments Installation and Commissioning
- Electrical Power Distribution Panel Manufacturing, Installation and Commissioning
- Alternator Overhauling, Servicing (Workshop & In-situ)
- Cargo Pump Assembly, Pump Starters, Soft Starter, Variable Frequency Units
- Insulation Testing of Electrical Equipments and Systems
- Rewinding Of Alternators, Electric Motors, DC Motors, Coils

DESIGN, ASSEMBLING, INSTALLATION AND COMMISSIONING OF VARIOUS APPLICATION

- Cargo Pump Temperature Monitoring / Safety Alarm Panels
- Electrical Power Incomer, Distribution Panels, Generator Synchronization Control Panels
- Navigational Light Control Panel
- Shutdown and Pump Starter Panels, Switchboards
- Pump Room Temperature Monitoring
- VFD Control Panel

SUPPLY AND INSTALLATION OF VARIOUS ELECTRICAL COMPONENTS AND MATERIALS

HYDRAULIC AND INSTRUMENTATION CONTROLS

- Anchor handling winches, cranes
- Cargo hatch doors, RORO platform
- CPP, Rudder and steering system
- Main Engine Pneumatic Start Systems
- Pneumatic Automation Panel for Engine Controls
- Pneumatic valves, controllers, actuators

PRODUCTS AND TRADING

- Alarm Annunciators for Generator Main Engine
- Audio and visual rotating alarms light fixtures
- Bilge Level Alarm Float Switches and Alarm Monitors
- Bilge Alarm Oily Water Separator Monitor (15 PPM)
- BNWAS (Bridge Navigational Watch Alarm Systems) Class Approved
- CCTV Systems
- DC Power Distribution, Control Switchboards
- Electrical cables, fittings, switches, sockets, light fixtures, etc.
- Fire Alarm Systems
- Fixed Gas Detection Systems
- Float level switches (Vertical, side-mounting, multiple purpose assembled units)
- Gas Detectors, Personal and Portable (H₂S, O₂, LEL, CO₂, etc.)
- Hydraulic and Pneumatic control solenoid valves, section blocks, control switches
- Hydraulic and Pneumatic cylinders, actuators
- Hydraulic power pack, manual steering system, auto pilot unit
- Marine Approved Light fixtures for various application
- Marine Condition Monitoring System
- MCCB, ELCB, relays, etc.
- Pressure switches, senders, gauges for various application
- Solenoids and control valves
- Steels, S.S Fasteners and Fittings
- Temperature sensors, switches

LIGHT POLES AND ACCESSORIES

- Design and fabrication of various sizes and types of light poles for landscape, garden and decorative application
- Supply of flag poles, sign poles and accessories (Steel, stainless steel and castings)

CALIBRATION SERVICES OF VARIOUS EQUIPMENTS

Pressure Gauge
Test Gauge
Pressure Recorders
Pressure Transducers
Temperature Gauges
Temperature Recorders
Pneumatic / Electronic Pressure

Temperature Transmitters
Temperature Gauges, Senders , PT100
Temperature Switches and Monitors
In-situ Calibration

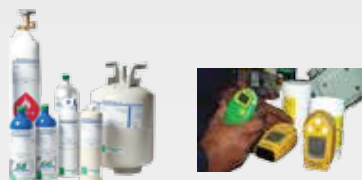

Vernier Caliper
Torque Wrenches
Inside/Out Micrometers Dial Indicators
Feeler Gauge
Ring, Plug, Snap Gauges

Multimeters
Clamp Meters
Voltmeters
Insulation Testers
Earth Testing Meter

Portable and Personal Gas Monitors
Fixed Gas Detection System on-board ocean going vessels
Oil and Gas Facilities and other Industrial premises
Breath Alcometers
Control Valves and Safety Valves

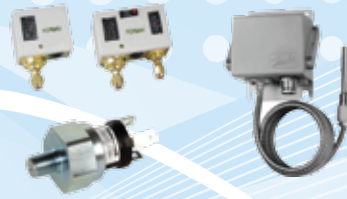

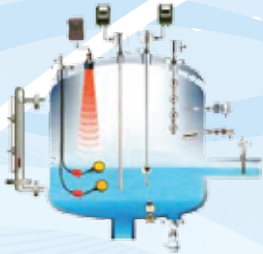

Primary/Secondary Injection Testing
Relays, Contactors, RTD
Thermal Insulation Test

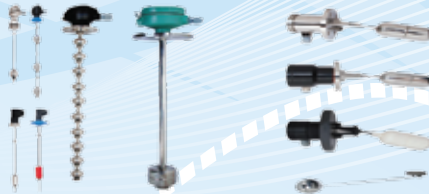

PRODUCTS

Various Application
Alarm Annunciator
Alarms / Inputs Indications

LEVEL INDICATORS
Vertical magnetic float switches
Horizontal float switches
Level indication
Infrared / Transducers
Mechanical

Bridge Watch Alarm System
(BNWAS)
Class Approved

Fire Alarm Systems (Marine
Approved)
Detectors (Marine Approved)
Addressable System (Marine
Approved)

Oily Water Separator
15 PPM Monitor
(Various brands, Class and IMO
Approved)

Marine Telephone
Tall -balk system
Intercom & PA System
VHF / Walkie Talkie

Portable Gas Detector
Fixed Gas Detector
Gas Detection Alarm Panel
